RE: Amended Water Right Transfer Application #74429– WG Farms LLC.

Dear Allen,

Enclosed is an amended Part 1 of the WG Farms LLC transfer application for water right transfer # 74429. As requested by IDWR, all hardscapes and county roads have been removed from the proposed PPU, decreasing the proposed PPU acreage from 4430.2 acres to 4390 acres. An electronic GIS shapefile of the amended PPU will be emailed to you shortly. The total acre limit for all water rights identified in water right transfer application 74429 is less than the proposed 4390 acre place of use.

Please copy our office on all correspondence regarding this water right transfer application. Thank you for your assistance on this matter and if you have any questions or comments, please don't hesitate to give me a call.

Regards,

Zach Latham, M.S., Hydrologist
