RE: Change of Ownership for Water Right No(s). 27-11108 & 27-11912

Dear Water Right Holder(s):

The department acknowledges receipt of correspondence changing ownership of the above referenced water right(s) to you. The department has modified its records to reflect the change in ownership and has enclosed computer-generated reports for your records.

During our meeting the department found errors in the shape file in arc map for water right 27-11912. The department has corrected the shape files. Please find enclosed copies of the map for your records.

During our review the department found another water right, water right number 27-10471 has a point of diversion on your property, located within the SWNWNW Township 2 South Range 36 East Section 21, however the place of use in the Township 2 South Range 35 East Section 35. Please find a copy of a computer generated report for your review. This water right was decreed as claimed if you feel an error has been made, you may want to file a motion to set aside the partial decree or file a late claim with the SRBA Court or possibly a transfer with the department.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been deliberately abandoned or forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Also, please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact this office if you have any questions regarding this matter.

Sincerely,

Jonie Barg
Technical Records Specialist
