REQUEST FOR EXTENSION OF TIME

TO PROVIDE ADDITIONAL TIME IN WHICH TO SUBMIT PROOF OF
BENEFICIAL USE FOR A WATER RIGHT PERMIT

The Idaho Department of Water Resources will consider this form as a request that the permit holder(s) be granted an additional period of time under the provisions of Section 42-204, Idaho Code in which to complete development of a water right and file proof of beneficial use of water. There is a **FILING FEE** of \$50.00 to be included with this form when filed with IDWR.

Permit No. 63-32220 Date Proof is Due December 1, 2010
 Name(s) of Permit Holder Jimmy Young and Wendy Adams
 Address 6864 W. Dickman Rd. City McBee State ID Zip 83641
 Telephone No. (208) 850-4832 Email jyoung719@hotmail.com

Describe what work has been completed toward the development of this water right:
 (This must be filled out! If no work has been completed, show "none".)

3-phase power has been installed to the future site
of the well and pump. A controller box is also installed.

Costing \$7,500

The permit holder(s) has been unable to complete the remainder of the work for the following reasons:

We had Idaho Power install the 3-phase power and a contractor
then had to get resources for the well. We were misled by a
pump installer and well driller that delayed the next phase of work.
~~and the next phase of work is delayed. Next phase soon.~~
Drill well is next phase this spring.

Permit holder(s) request an extension to December 1, 20 12.
