RE: Notice of Change in Water Right Ownership
Water Right: 47-8082
Additional information required

Dear Mr. Stone,

The Idaho Department of Water Resources (IDWR) received the Licensing amendment for 47-8082 along with a Notice of Change in Water Right Ownership form on 10/15/10.

Almost everything looks good, but I am missing one thing. With the change of ownership, you were asked to send a copy of the deed that shows you are owner of the property that the water right is applicable to. The warranty deed references a legal description under the first paragraph:

SEE ATTACHED LEGAL DESCRIPTION

I have attached a copy of the page referencing the legal description for your reference.

In order to process the change of ownership, I need a copy of that legal description. It does not appear to have been included with the packet of information received. I need to confirm that the property conveyed to you, through the warranty deed, is the property the water right is applicable to.

Please send me a copy of the legal description within **14 days** of receiving this letter. If I do not receive the required information within the allotted time, I will move forward to issue license 47-8082 in the name of the permit holder of record.

Please feel free to contact me with any questions.

Respectfully,

Craig L. Saxton
