Steve:

This email confirms our conversation today about expediting two applications for extension of time to avoid forfeiture for rights 65-3681 and 65-5033C. The applications will be expedited to facilitate pending sale of part or all of the place of use of these rights. Legal notices will be published in the first two weeks of November, with a protest deadline of November 22. Assuming no protests or other complications, a department decision for the applications can be issued by about early December.

Please let me know if you need more information about these applications.
