CONDITIONS OF APPROVAL

1. The boundary encompassing the place of use for this water right is described with a digital boundary as authorized by Idaho law. The data comprising the digital boundary are stored in the electronic document management system of the Department and are incorporated into this approval by this reference. A map depicting the place of use is attached to this approval document to illustrate the place of use described by the digital boundary.
2. The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.
3. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
4. Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.

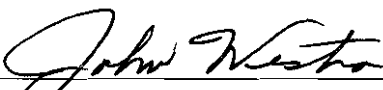

WATER RIGHT NO. 65-2256
As Modified by Transfer No. 76177

CONDITIONS OF APPROVAL

5. Rights 65-2256 and 65-10943 when combined shall not exceed the irrigation of 2,933 acres within the authorized place of use in a single irrigation season.
6. The combined rate of diversion to storage under Rights 65-2256 and 65-23369 shall not exceed 0.12 cfs
7. This right when combined with all other rights shall provide no more than 0.02 cfs per acre or more than 3.0 afa per acre at the field headgate for irrigation of the lands above.
8. This approval (Transfer 76177) authorizes the diversion of water in the amount of 0.12 cfs and 11.0 af to be used for replacement of losses caused by evaporation from two lined ponds with a total surface area of 8.4 acres authorized for aesthetic storage under right 65-23369.
9. This right mitigates for the depletion of water resulting from the diversion and use of water under Right 65-23377. To prevent injury to other water right holders, the right holder shall cease diverting and using 0.12 cfs of this right, which shall remain undiverted in the Gold Fork River. If the mitigation portion of this right is not deliverable due to a shortage of water or a priority call, then the amount of water authorized for diversion under the use of Right 65-23377 that is being mitigated shall be reduced by the same proportion as the reduction to this right.
10. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 65.
11. The right holder shall maintain a measuring device and lockable controlling works of a type approved by the Department in a manner that will provide the watermaster suitable control of the diversion(s).
12. The period of use for the irrigation described in this approval may be extended to a beginning date of 4/15 and an ending date of 10/31 provided that beneficial use of the water can be shown and other elements of the right are not exceeded. The use of water before 4/15 and after 10/15 is subordinate to all water rights having no subordinated early or late irrigation use and a priority date earlier than the date of this approval.
13. Place of use is within the area served by Gold Fork Irrigating Company Limited.
14. This right does not grant any right-of-way or easement across the land of another.
15. The following rights are diverted through point of diversion described above: 65-2256, 65-2380, 65-10628, 65-10943, 65-22476.

This water right is subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
