

State of Idaho
Department of Water Resources
Water Right License
WATER RIGHT NO. 37-08759

CONDITIONS OF APPROVAL

1. The right holder shall maintain a measuring device and lockable controlling works of a type approved by the Department in a manner that will provide the watermaster suitable control of the diversion(s).
2. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 37.
3. This right when combined with all other rights shall provide no more than 0.03 cfs per acre nor more than 3.5 afa per acre at the field headgate for irrigation of the lands above.
4. Domestic use is for 1 home. Irrigation of lawn, garden and landscaping associated with the home is authorized under the irrigation component of this right.
5. For purposes of regulating this right with respect to other groundwater rights, the priority of this right shall be October 3, 1991.
6. A flow rate of 0.05 cfs authorized by Right No. 37-496C must remain in the Big Wood River at its described point of diversion to mitigate for depletion caused by the diversion of groundwater authorized by this right. For purposes of regulating groundwater in conjunction with flows of the Big Wood River, water may be diverted pursuant to this right if Right No. 37-496C is deliverable. If Right No. 37-496C is not deliverable, water use on this property shall be limited to 13,000 gallons of groundwater per day and the irrigation of no more than 1/2 acre of land in conjunction with a domestic use.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

Signed and sealed this 20th day of October, 2010.

for GARY SPACKMAN
Interim Director
