Mr. Speck,

Thank you for your prompt response to my request for an updated contact for the Donna F Tuttle Trust. I have attached an 'early-bird' copy of a letter which I expect will be mailed from Boise on Monday.

Sincerely,
Michele Edl

Michele,

Yes, I continue to represent Donna Tuttle and her trust. My last contact with IDWR was a letter from Jim Stanton dated July 14, 2008 stating he was sending the field exam to Boise for immediate licensing. Please let me know what condition of the permit may cause you concern.

Thank you.

Jim

Mr. Speck,

The purpose of this email is to confirm that you are the best point of contact for communications related to Permit 37-08759.

I was assigned to review the field exam for this permit in late July 2008 and if possible, to issue a license. In my review, I found that the permit holder may not have complied with a condition of the permit. The issue was not resolved satisfactorily, but I did not follow-up as I should have and it slipped off of the top tier of the processes assigned to me.

I apologize for my part in the delay in processing this water right permit.

A week ago, personnel from our Southern Region office brought this stalled permit to my attention. I need to establish contact with the person representing the permit holder. The water right backfile indicates that you may be that person.

If you no longer represent the Donna F Tuttle Trust, would you please assist me either by providing me contact information for the current representative or by forwarding this email to that person.

Thank you in advance.

Sincerely,

Michele Edl
