Mr. Speck,
Thank you for the update.

Mr. Lakey,
My supervisor has asked that I get a confirmation that this modified valving will work for you.

Meanwhile, I will bring this water right file to the top of my assigned projects and proceed with completing the review required for licensing.
If I have additional questions, I will not hesitate to ask them.

Respectfully,

Michele Edl

Michelle,

I want to confirm that the installation of the lockable valves required by Kevin Lakey was completed on September 15, 2010. I trust this complies with your letter of August 9, 2010 and the licensing of this right can now be finished. Please confirm. Thank you.

Jim

Michele,

Please confirm that this is acceptable to you. I will then notify you when the installation of the lockable valves has been completed at which point I assume you will proceed to issue the license for the water right.
Thank you.

Jim

Michele and Jim,

I met with Tom Denker who is the landscaper for the Tuttle property where water right 37-8759 is used. After a review of the irrigation system on the property, I told Tom that I would be satisfied if he installed a lockable valve that could lock out the pond delivery as well as a way to lock out the irrigated area above 1/2 an acre. He said that he would start on the project ASAP.

Kevin Lakey

Kevin,

Today I received the e-mail below with a courtesy copy of the letter attached which will apparently be sent out Monday. Please call me right away to discuss this matter. First, do you require some kind of lockable control works on this well? Second, if you do not, please explain why so we can make the appropriate request to waive this condition. If you do, please tell me the options available and we will take care of it. Note that I am sending this out without having asked my client or her landscape contractor if such a locking device was installed after Jim Stanton's last visit to the property and I will check on that.

I look forward to hearing from you. Thank you.

Jim

Mr. Speck,

Thank you for your prompt response to my request for an update. Contact for the Donna F Tuttle Trust.

I have attached an 'early-bird' copy of a letter which I expect will be mailed from Boise on Monday.

Sincerely,

Michele Edl
