Monica,

35-7448

Lease Amount 1.40 cfs 141.5 acres These acres were irrigated in 2006.

35-14040 .47 cfs 47.5 acres This is to remain in the water supply bank.

35-13703 .93 cfs 94.0 acres This portion has been transferred off of the original property and being used for irrigation. Not to be leased to the water supply bank.

35-14041 3.18 cfs These acres were sold to Bonanza Ranch and are not to be leased to the water supply bank under the current application to lease water.

The rental agreement was pending the approval of the submitted transfers. I believe the transfers have been approved, therefore the rental agreement is not needed.

43-13365 and 43-13368

The portions of these water rights that are in the name of KBC or KBCP are being used for irrigation (35-13905, 35-13899, 35-13897, 35-13898, 35-13900, 35-13906). Not to be leased to the water supply bank.

I am not sure at this time about the Alliance or Stoker water rights (45-14250, 45-14102, 45-14257, 45-14251, 45-14103, 45-14258).

What amounts were offered to the water supply bank for these two rights (43-13365 and 43-13368)?

Monica,

How much was offered to the bank under water right 35-7448?
I will call KBC and see if they still want to rent water.

Hi Greg,

35-7448 was never processed into the Bank. No need to send a request to release. We will just send the lease app back but I need you to let me know if that's the way you want to go. What about the rental for KBC?

We have two other lease applications with the KBC ones – 43-13365 and 43-13368 (Alliance L&L). What do you want done with these?

Thanks!

Monica
