RE: IDWR Permit 65-22912 Jug Mountain Ranch LLC, Wilhelm Creek (Wildlife Storage, Recreation Storage, Aesthetic Storage)

Dear Jerry,

First, thank you for speaking with me this morning. To review the conversation we had, I am currently reviewing Permit 65-22912 Jug Mountain Ranch LLC for licensing. One of the conditions on the Permit has not been met, by either having the Permit holder install a measuring device to measure the amount of water entering the reservoir and the amount of water released from the reservoir. The Permit holder is asking that this condition be waived, which requires notification from the water master, either authorizing the waiver, or stating otherwise. You stated that you will need some time to contact users, and check into the situation.

Please complete the enclosed form, or respond via email at [sandy.hemenway@idwr.idaho.gov](mailto:sandy.hemenway@idwr.idaho.gov) in regards to how you stand on this issue. If I do not hear from you within 30 days, I will be unable to license Permit 65-22912 Jug Mountain Ranch LLC.

Thank you so much for your time. If you have any questions, please contact me at (208) 287-4920.

Sincerely,

Sandy Hemenway  
Sr. Water Resource Agent
