Subject: 63-32614 ownership change

Mr. Shaw,

I successfully connected with Jan Shurte in Western Region office this morning. She found the original ownership change documentation that you submitted in 2008 on behalf of Rivers End Neighborhood Association Inc.

She sent me a copy of the scanned images and an apology for not getting around to processing it. The hard copies should arrive at my desk via snail mail, shortly.

The scanned images Jan sent are nearly identical to the documents you supplied for the transfer. I can see that Western received it on date-stamp Feb 27, 2008, but I don't see a receipt number for the fee, which confirms why I couldn't find it in the tracking system. I believe that we will need the \$25 processing fee for an ownership change.

Jan was happy to turn this one over to us in the state office. I will assume custody of the original documents and see that they are moved into water right file 63-32614. If I have any additional concerns or questions, I will contact you.

Sincerely,

Michele Edl
