Subject: Transfer information on rights 36-15 and 36-18 (old number 4930, new number 66354)

Mr. McCarthy,

Basically the purpose of the transfer seems to be that they sold off the northern half of the property and intended to move the water to the lands they retained.

The application and protests and the related documents can be viewed on our website at this link:

<http://www.idwr.idaho.gov/apps/ExtSearch/SearchWRAJ.asp> then check the box that says: Search for both active and inactive water right records and the box that says: All Adjudication & Water Rights. Type in 36 under basin and 15 under sequence number, hit search and under related documents you will find all the information. Let me know if you have any problems. Jeanie
