PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 95-10775

Dear Permit Holder(s):

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water, and that it meets the permitted beneficial use.

During my review of your proof statement and your water appropriation permit, I noticed you stated your extent of uses as being for irrigation of 3 acres, and domestic use for 2 households. The uses defined under this permit are listed as recreation storage, wildlife storage, aesthetic, diversion to storage, and irrigation of 3 acres. Domestic use is not part of this permit.

If needed, you may apply for another water right to cover domestic water use. Application forms are available from any department office, or at the department's website at: www.idwr.idaho.gov

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov

If you have any questions concerning the field examination, please contact the Northern Regional Office of the department in Coeur d'Alene, Idaho at (208) 762-2800.

Sincerely,

Darla Block
Technical Records Specialist
