RE: Application for Transfer 74310 – Letha Irrigation & Water Co., Inc.

Dear Lori:

You recently requested more time to provide additional information for the above referenced application.

Your request for an additional 6 months to provide the information is approved. The information requested by the Idaho Department of Water Resources (IDWR) on August 13, 2010, is therefore due by **April 4, 2011** to prevent the applications from being voided. Please be advised that the additional transfer is needed prior to any processing of the applications that accompanied Application for Transfer 74310.

Without a timely reply, IDWR will issue a preliminary order to void the applications. The application fees will not be refunded for voided applications. A voided application may be re-filed when adequate information can be provided.

More information about water rights and other matters administered by IDWR is available on the Internet at www.idwr.idaho.gov. Please contact me at 334-2190 if you have any questions.

Sincerely,

KAY WALKER
Sr. Water Resource Agent
