RE: Notice of Change in Water Right Ownership

Dear Mr. & Mrs. Acree:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership. Our review of your notice indicates that additional information is required before we can process the change.

It appears a division of the water right is required as the deed you submitted, recorded as instrument number 21013876, only intersects with 4.5 acres of the 5 acre water right. The remaining 0.5 acre portion is located in the exception portion of your deed. If you have another deed which covers this excepted portion, please send a copy of that deed and we will complete the ownership change.

Effective July 1, 2000, the legislature enacted House Bill No. 545 requiring a filing fee for a change in water right ownership. The fee is \$25 per water right, except for ownership changes resulting in the division of a water right, which is \$100 per water right. All ownership change notices received after June 30, 2000 must include the appropriate filing fees in order to be processed.

I also found that water right no 29-10897 is appurtenant to the property you purchased. I am enclosing a water right report for each of these water rights. To process the split of water right 29-2462A and the ownership change for 29-10897, you will need to send the required \$100.00 fee.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please feel free to contact the Department if you have any questions.

Sincerely,

Emalee Rushing
Office Services Supervisor
