Subject: Basin and Range Water Supply Bank Application

Brian,

In May 2010, on behalf of Basin and Range Resource Company LLC, ERO Resources coordinated 4 lease applications to the water supply bank for portions of water rights 63-7177, 63-3308, 63-7349, 63-7903 and a rental application. During the summer of 2010, circumstances changed that will require a different strategy to manage the water rights. Therefore, on behalf of Basin and Range Resource Company LLC, please withdraw the 4 lease applications and the rental application from any further processing. If you have any questions, please call Steve Hannula (ERO) at 373-7983.
