CONDITIONS OF APPROVAL

- Domestic use includes a pond associated with the residence. The pond size shall not exceed 1600 square feet of surface area.
- The domestic use authorized under this right and all other domestic rights appurtenant to the place of use for this right shall not exceed a combined total of 1/2 acre surface area of irrigated land and pond surface area.

State of Idaho
Department of Water Resources
Water Right License

WATER RIGHT NO. 47-17524

3. Diversion and use of water from the unnamed stream (locally known as the J-2 Coulee) shall be limited to those times when water is not being delivered to share holders of the Twin Falls Canal Company. Diversion and use of water from the unnamed stream is restricted to the non-irrigation season. The unnamed stream at times includes wastewater originally diverted by the Twin Falls Canal Co. The wasting of water may be discontinued at any time.
4. The waste water diverted under this right is subject to the right of the original appropriator, in good faith and in compliance with state laws governing changes in use and/or expansion of water rights, to cease wasting water, to change the place of use or manner of wasting it, or to recapture it.
5. The domestic use authorized under this right and all other domestic rights appurtenant to the place of use for this right shall not exceed a combined total of 13,000 gallons per day.
6. Use of water under this right shall be non-consumptive.
7. This right is for the use of trust water and is subject to review 20 years after the issuance of the permit to determine availability of water and to re-evaluate the public interest.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

Signed and sealed this 2nd day of September, 2010.

GARY SPACKMAN
Interim Director
