RE: Withdrawal of Transfer #75155

Dear Applicant:

The above referenced transfer was filed by you and/or Richard Holt in August of 2008. It involved fish propagation right 36-7228 for 6 cfs and proposed to split that right with 4 cfs remaining in your name and the remaining 2 cfs would be shared by you and Mr. Holt. Two new ponds were to be constructed. In our phone conversation yesterday afternoon, you indicated that the work was never accomplished, that you no longer wished to pursue this transfer, and would like to officially **withdraw** the application.

In order to accomplish your request, **please sign and return the enclosed withdrawal form** to our office.

(I have also enclosed an aerial photo of the area and ask that you please indicate **where the current three ponds for this right are located** and return the photo to me along with your withdrawal request.)

If you have questions, please feel free to contact this office.

Sincerely,
