CONDITIONS OF APPROVAL

1. Proof of application of water to beneficial use shall be submitted on or before **October 01, 2011**.
2. Subject to all prior water rights.
3. Diversion and use of water in accordance with this right shall not exceed 13,000 gallons per day for stockwater use. The water delivery system established in accordance with this right shall be fully enclosed and shall be equipped with an automatic shutoff valve or a mechanism for returning unused water to the source through an enclosed system. The water delivery system shall be designed to facilitate measurement of the rate of flow through the system.
4. Stockwater use is for 6 horses and 300 range cattle.
5. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 43-C.
6. Prior to diversion of water under this right, the right holder shall install a lockable device, subject to the approval of the Department, in a manner that will provide the watermaster suitable control of the diversion.
7. When notified by the Department, the right holder shall install and maintain a measuring device of a type acceptable to the Department as part of the diverting works.

Permit to Appropriate Water

NO. 43-13680

8. Any license issued by IDWR pursuant to the right or portion thereof for the use of trust water is subject to a term review of 20 years after the date of this approval to determine availability of water for the use and to re-evaluate the public interest at the end of the term.
9. Spring source locally known as Wickel House Spring.

This permit is issued pursuant to the provisions of Section 42-204, Idaho Code. Witness the signature of the Director, affixed at Boise, this 16th day of September, 20 10.

FOR 
GARY SPACKMAN, Interim Director
