RE: DECREED WATER RIGHTS 57-272, 57-1124, 57-10604

To the Benson's

The Department received SRBA Change in Address of Notice of Claim forms from you in December 2000.

It appears that what is actually needed in change in ownership for water rights. I have enclosed a copy of the decreed water right along with a Notice of Change in Water Right Ownership form for each of the decreed water rights involved.

Please complete the form and return it to this office with the required support data and filing fee of \$25.00 per water right.

If you have any questions regarding this matter, please call me at 208-287-4952.

Sincerely,

Kari Lynn Townsend

RE: Phone conversation with Jerry Benson
=====

We received four (4) SRBA Change in Address of Notice of Claim forms from Western region. Three of these forms show one of the above numbers. The 4th form has no water right/claim number shown. The numbered forms are listed below and show the name of the signer.

1. Claim 57-10604 . . . signed by Randy Benson (son of Jerry Benson)
2. Claim 57-00272 . . . signed by Bruce Benson (son of Jerry Benson)
3. Claim 57-01124 . . . signed by Jerry L. Benson and Faye Benson
4. Form without a claim number is signed by Scott Benson (son of Jerry Benson)

These claims have all been partially decreed.

Water rights 57-00272 and 57-10604 are decreed in the names of Sandra J. Benson (deceased in 1994) and Jerry L. Benson. Jerry L. Benson has remarried and his current wife is Faye Benson.

Water right 57-01124 is decreed in the name of Benson Farms Inc. According to Jerry L. Benson the Benson Farms Inc. was made up of himself, his father and his brother.

Mr. Benson said he received the forms from IDWR that were then filled out and returned to IDWR. He stated that he was told that he needed to show new ownership to include his current wife and that the portion of ownership that was in the name of Sandra J. Benson has been shifted to the three (3) sons (Randy, Bruce & Scott) by means of the will of Sandra Benson. According to Mr. Benson, this is an undivided split among the three (3) sons.

Mr. Benson also indicated that there are other claims/decreed rights existing that are not mentioned in this group that were part of the original Benson family claims. He said that some of the property has been sold to buyers outside the family but he isn't sure what claims belong to the new owners.

6. If the change in ownership affects the entire water right for each water right or adjudication claim number listed in item 1, THEN SKIP THIS ITEM AND GO TO ITEM 7. If the change in ownership divides the water right(s) among multiple owners, you must describe, in detail, your portion of each water right after the change. Fill in the appropriate spaces in the box(es) below to describe your water right(s) after the change (one water right per box, you may copy this page as necessary). If your quantity of water is greater than a proportionate split, you must attach documentation to show justification for a larger amount. If you are not sure how to identify your portion of the original water right or adjudication claim records, please contact the nearest IDWR office for assistance.
