Subject: Termination of transfer application 75342 in the name of Breck

Pursuant to the withdrawal notice, I terminated the application in workflow.

Note that the rights involved in this transfer were splits of water rights 37-577BT, 37-482H, 37-483C, 37-481C and 37-2630 recommended in the name of South County Estates. The South County Estates rights 37-577BT, 37-482H, 37-483C, 37-481C and 37-2630 are still active on the SRBA side with numerous splits or children listed as "temporary" due to the numerous transfers initially contemplated. Some of the transfers have been withdrawn and the children are still listed as "temporary" records. I believe there are still a couple of transfers pending that may or may not go forward. I guess we can wait till the dust settles to straighten out the records.
