Dept of Water Resources

2735 Airport way

Boise, ID 83705-5082

Attn Steve Lester, water Rights Supervisor

DEAR MR. Lester,

Attached is our Application for transfer for water rights No 63-32280. it was our understanding that everything had been completed and were ready to have our well drilled to provide Pasture for our cattle.

However, we were informed that an additional step is required. this will cause an additional cost to keep our cattle in a dry lot condition. if Possible Please expedite the transfer process.

Sincerely

Dennis Beck
