PROPOSED CHANGE OF WATER RIGHT(S)

Gold Fork Irrigating Co LTD of PO Box 12, Donnelly ID 83615 filed Application No. 76177 to transfer three water rights with 1907 and 1919 priority dates from the Gold Fork River totaling 58.92 cfs. The purpose of the transfer is to correct the service area boundary of all three rights and change the nature of use for a portion of the 1919 right, previously used for irrigation of 6 acres, to diversion to storage and aesthetic storage uses for mitigation of the consumptive losses associated with two ponds in Gold Fork River Ranch Subdivision located approximately 0.25 miles east of Hwy 55 off Plant Rd. The unchanged portion of the right will remain within the service area of Gold Fork Irrigating Co LTD, the largest portion of which is generally located south/southeast along the Gold Fork River where it empties into Cascade Reservoir extending approximately 2 miles to the northeast and southwest of the intersection of Hwy 55 and Plant Rd approximately 3.5 miles southeast of Donnelly. **EXTENSION OF TIME TO AVOID
FORFEITURE OF WATER RIGHTS**

Orion Holdings LLC, Attn. Don Newell, 618 N. Pioneer Oak, Salt Lake City UT 84108 filed 4 Applications proposing Extensions of Time to Avoid Forfeiture for Water Rights listed below. The rights describe diversions and uses within portions of T4N, R1E, Sections 16, 17 &/or 20 for the Shores development project. The site is near South Channel Way, west of Eagle Road on Eagle Island, Ada County. The applicant stated the last substantial use of the rights was in 2006 but that partial use has continued since then. The applicant stated that full use has been prevented by changes in property ownership, continued work on approvals from entities other than the Idaho Department of Water Resources (IDWR), and by recent economic conditions for subdivision development. The applicant proposes extensions to avoid forfeiture until 2016.
