RE: Application for Permit #67-15040

Dear Applicants:

The above application is being reviewed and processed by the Western Regional Office. I am the staff member processing your application, Thank you for doing an excellent job filling out the application.

There are just a couple of tweaks that we need to take care of on the application form.

-The legal description as listed in #3 & #8 need to be corrected to show north and west.

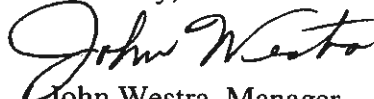

The legal descriptions should read: Twp. 10N Rge. 5W

-Under #4, I also extended the irrigation season: 3-1 to 11/15 which is the standard for your area.

I have enclosed an amended application form with the corrections. Please sign, date, and return the amended application to this office no later than **October 1, 2010**. Failure to respond or an untimely response will result in the application ordered void.

Please contact me directly if you have questions or other concerns, phone 334-2190.

Sincerely,

John Westra, Manager

#4 I also enlarge the use irrigation use period to 3-1 to 11-15 which is standard for your area.

Attached is a corrected application version reflecting these changes.
