SHOSHONE ID 83352

Applications for Permit No. 37-22543 and No. 37-22544 (Lava Lake Land & Livestock LLC)

Dear Mr. Lakey:

We need your Watermaster Recommendations for the above referenced applications within your District. Due to the recent state department budget concerns, it seems appropriate to suggest that you review these applications via our website at the following address:

www.idwr.idaho.gov/apps/ExtSearch/WRFiling.asp

Section 42-203A of the IDAHO CODE requires that the watermaster must be advised of proposed surface water applications within the water district and must notify the Department of his recommendation on the application.

Please respond within 21 days of the date of this letter. Regional review of un-protested applications can be completed as soon as the final protest period is past; your prompt response to this request is appreciated so that your recommendation can be considered during regional review.

If after 21 days from the date of this letter the department has not received your written recommendation, the department will presume you do not oppose approval of the application and you have no comments for the department to consider.

If you have any questions about an application, please contact this office or the applicant.

Very truly yours,

Mary A. Baldwin
Administrative Assistant
