Attachments: Page 1 rev - upper pond.pdf; Page 1 rev - lower pond.pdf

Jeff,

I got your voicemail this afternoon indicating that because the points of diversion are springs, they must be described to the nearest 10-acre tract. Attached are revised first pages for both applications reflecting this description. If you need Brian Bean to verify this change, please let us know. Sounds like these applications are basically ready for advertising, which is good news.

Thanks for your work on these and have a good weekend,
Chuck
