Subject: Proof of Beneficial Use Permit NO. 74-7391 for the Church of Jesus Christ of the Latter Day Saint in Salmon Idaho

Dear Mr. Nielson,
Attached you will find a completed proof of beneficial use form for the Church of Jesus Christ of the Latter Day Saint in Salmon Idaho. This form needs to be signed by you or a qualified permit holder. Once the form is signed it needs to be mailed to the Idaho Department of Water Resources accompanied with a fee of \$50. The address is listed at the bottom of the proof of beneficial use form as well as bottom of this letter. This needs to be done by the end of the month, as it is due September 1, 2010. A field examination of the water system will need to be done once the form has been submitted. The purpose of the field examination is to ensure that water is in fact being used as described in the permit. A representative for the Church of Jesus Christ of the Latter Day Saint needs to be present during the examination. The IDWR office will call you to schedule the field examination after they have received this form. I spoke with the IDWR office and as they are substantially backlogged it is most likely that the field examination for Permit NO. 74-7391 won't be scheduled for quite some time.

Mail form and \$50 fee to:

Idaho Department of Water Resources
PO Box 83720
Boise ID 83720-0098

If you have any questions please call.

Sincerely,

Tom Wood.
