RE: Assignment of Permit Water Right No. 27-11959

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Filing Fee** of \$25

During our review of the documentation you submitted we found some discrepancies between that documentation and the legal description of the place of use for the water right(s) indicated in your notice. I have enclosed a copy of the water right(s) for your reference.

Please note that completing an Assignment of Permit for this Mortgage will list Northwest Farm Credit Services PCA as a "current" owner. If your intent is only to be listed as a "security" interest holder a Notice of Security Interest is required.

Because this water right is still in the permit stage, an Assignment of Permit will be required to complete the ownership change. Please note that there is a \$25 filing fee required.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Barg
Technical Records Specialist
