CONDITIONS OF APPROVAL

1. After specific notification by the department, the right holder shall install a suitable measuring device or shall enter into an agreement with the department to determine the amount of water diverted from power records and shall annually report the information to the department.
2. A map depicting the place of use boundary for this water right at the time of this approval is attached to this document for illustrative purposes.
3. Place of use is located within the service delivery area of Harmons Property Owners Association in Harmons First and Second Additions. This right authorizes the reservation of water for reasonably anticipated future needs within a planning horizon of 20 years. The right holder must construct works capable of diverting and carrying the authorized diversion rate by the date set forth in condition no. 1. However, application of water to beneficial use need not occur until 20 years from the date of this approval.
4. The issuance of this right does not grant any right-of-way or easement across the land of another.
5. Rights 95-08996, 95-7523, 95-8078 and 95-8623 when combined shall not exceed a total diversion rate of 0.58 cfs.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

Signed and sealed this 20th day of August, 2010.
