

RE: Application for Transfer No. 75265 – Ark Properties, LLC.
Prehearing conference failure to appear.

We were unable to attend your meeting due to work. We feel our protest should be dismissed. The place of use is south of our property and impacts Half Moon/Barber Caven Ranches.

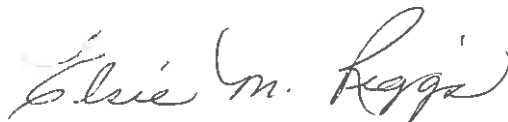

Our main interest in the protest was to show our support in the fact that this water right in question should have never been allowed. The water hadn't been used in nearly twenty years. The use of water rights that have been abandoned this long should not be allowed.

We are concerned that measuring devices are not up to standard, and rules for creek and springs are not being followed on this piece of land. Large sections of this land have been irrigated several years with no right to the water.

Please dismiss our protest but note our grievance. Please also note our support for Barber Caven/Half Moon, they are the ones being damaged.

Thank you,

Double Anchor Ranches, Inc.
Lynn R. and Elsie M. Riggs & Sons

A handwritten signature in cursive script that reads "Elsie M. Riggs".
