

Conference Notes

Transfer #75265—ARK Properties

From: J. Westra

Date: 08/12/10

Location: Western Region

The conference began with introductions and review of agenda/handout sheets. Protestant Riggs did not appear at the conference. Reminders calls were made 08/05-see list. A default notice will be sent out.

Protestant Concerns—Double Anchor/Barber

- Delivery and regulation of water on the creek.
- Expansion of lands proposed with the PPU
- Impact on the protestant's water rights
- Identification of Henley Springs
- Purpose of other large transfer PPU—not yet processed by IDWR
- Plan concerning the 10 tract subdivision.
- Plan for new applications filed—not yet processed by IDWR—61-11807

Applicant

- 200 acres designated within the 500 place of use
- Would like to limit the protest issues to the transfer only. Should not deviate to broader issues.
- Reinforced the main issue—the need for regulation/delivery of water to creek water rights.

IDWR

- Discussed the issues with the Cold Springs Water District and possible options—combining with Little Canyon Creek District, Staff employee as water master, or part of the future Snake River Water District. Shared IDWR letter sent in July 2010 to water users.

Discussion

- Parties discussed the possibility of having the applicant report acreage locations to the Department annually as condition of approval. Also, some type of measurement condition—will discuss at on-site meeting.

Actions:

- Parties will meet with McCallum on-site within 60 days. Report progress to IDWR. Schedule hearing if no progress. Parties agreed to incorporate immediate discovery with the hearing notice.
- Send parties copies of Cold Creek water Rights-- Westra
