6. Basis of protest (including statement of facts and law upon which the protest is based).

Southwest Irrigation is not authorized to use public land for Irrigation purposed described in IDWR's electronic representation of the proposed change for transfer 75835 (01-00023A). IDWR's electronic representation of transfer 75835 introduces problem POUs that were not contained in the original Application for Transfer 75835. These POUs are described in the following legal land descriptions:

T12S, R19E, S01, NESE
T12S, R19E, S12, NWSE
T12S, **R21E**, S13, NESE

The following POUs describe land that contains both public and private land (mixed ownership):

<u>MIXED OWNERSHIP</u>	<u>PRIVATE LAND</u>
T12S, R19E, S12, SWNW	Lots 5, 7, 8, 11
T12S, R20E , S24, NENW	Lot 2
T12S, R20E, S24, SENW	Lot 2

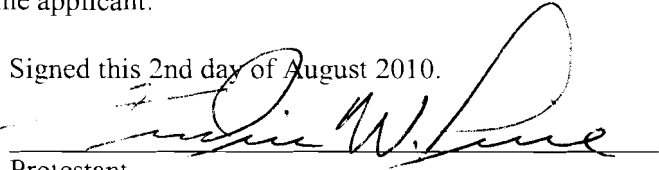

7. What would resolve your protest?

- 1) Amend IDWR's electronic version of Application for Transfer and digital boundary to remove Places of Use describing federal public land.
- 2) Include the lot numbers for each of the mixed ownership legal land descriptions to make it clear that only private land is intended.

I hereby, acknowledge that if I, or my designated representative, fail to appear at any regularly scheduled conference or hearing in the matter of which I have been notified at the address above, the department

may issue a notice of proposed default against me in this matter for failure to appear. I also verify that I have served a copy of this protest upon the applicant.

Signed this 2nd day of August 2010.
