RE: Water Right Permit Nos. 47-7753 and 47-08012

Dear Permit Holder(s):

The Department of Water Resources is re-evaluating your above referenced permits as part of our routine prior to issuing a water right license. Upon further review, it appears that the place of use described on the amendments that I previously mailed to you include an error within Section 7 of T13S, R16E. The acres were recorded as being 6 acres in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ and 13 acres in the NW $\frac{1}{4}$ NW $\frac{1}{4}$. The actual acreage is 3.5 acres in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ and 15.5 acres in the NW $\frac{1}{4}$ NW $\frac{1}{4}$. Notice that the total acres irrigated in Section 7 will remain 19 acres.

In addition, the Department will not be describing a maximum diversion volume on the face of the right. Instead, any volume limitations will be addressed in the conditions of approval.

By signing and returning the enclosed Application for Amendment forms, the Department will assume that you agree with our findings and wish to withdrawal the amendment forms that you had originally signed. The amendment fee has already been paid and no additional fee is due.

If you have any questions, please call me at (208) 287-4944.

Sincerely,
