Total Acres: 220.6

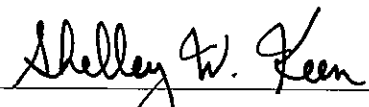

CONDITIONS OF APPROVAL

1. Proof of application of water to beneficial use shall be submitted on or before **August 1, 2015**.
2. Subject to all prior water rights.
3. This right does not grant any right-of-way or easement across the land of another.
4. This right is limited to the irrigation of 27.5 acres of turf grass within the place of use described above in a single irrigation season.
5. The use of water under this right is mitigated by the ground water recharge authorized pursuant to water rights 37-22313, 37-22318, and 37-22323. See Transfer 74449. The water right holder shall maintain control of rights 37-22313, 37-22318, and 37-22323 for mitigation purposes.
6. The annual volume of water diverted under this right shall not exceed the annual volume of water delivered into the infiltration basin(s) for ground water recharge under rights 37-22313, 37-22318, and 37-22323 as measured at the point(s) of recharge.
7. Prior to the diversion and use of water under this right, the right holder shall install and maintain acceptable measuring device(s) at the authorized point(s) of diversion in accordance with Department specifications.

State of Idaho
Department of Water Resources
Permit to Appropriate Water
NO. 37-22252

8. The right holder shall maintain a totalizing measuring device of a type approved by the Department as a part of the diverting works.
9. By January 31 each year, the right holder shall report to the Department:
 - a) The volume of water diverted from the authorized points of diversion for each month of the prior calendar year,
 - b) The number and location (by subdivision lot number) of the acres of land irrigated in connection with this right during the prior calendar year, and
 - c) The number and location (by subdivision lot number) of the homes served domestic water from the authorized points of diversion pursuant to other water rights during the prior calendar year.
10. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 37.
11. This permit does not authorize the construction of any new well or the deepening or enlargement of any existing well.
12. The diversion and use of water described in this right may be subject to additional limitations agreed to by the protestant(s) and the right holder under separate agreement to which the Department is not a party and which may be enforceable by a court of law.
13. Any license issued by IDWR pursuant to the right or portion thereof for the use of trust water is subject to a term review of 20 years after the date of this approval to determine availability of water for the use and to re-evaluate the public interest at the end of the term.
14. Failure of the right holder to comply with any condition of approval is cause for the Director to cancel this permit.

This permit is issued pursuant to the provisions of Section 42-204, Idaho Code. Witness the signature of the Director, affixed at Boise, this 10th day of August, 2010.

for GARY SPACKMAN, Interim Director
