Re: Protested Application No. 65-23244 (David Dean)

Dear Ms. Bryson and Mr. Dean:

The prehearing conference regarding this protested application was held October 13, 2009. Subsequent to the conference, the following deadlines were set:

- [1] The Deans will provide measurements of the pond to IDWR, and install the pipe and trench by 12/31/2009.
- [2] By June 1, 2010, the parties will meet to observe the flow in Coon Creek, take pictures, and write a short letter report as to the status of water available to fill the Link rights.
- [3] By June 1, 2010, Chris Bryson will either withdraw the protest or the matter will be set for a hearing.

As of today, I have not received the required documentation and the protest has not been withdrawn. This letter is a request for the written letter report that was due June 1, 2010, or letters from the parties describing the status of settlement of the protest. Please have the pertinent document to me by August 6, 2010. If a settlement is not imminent and the protest is not withdrawn, IDWR will set this matter for a hearing.

Please call me at 208.334.2190 if you have questions. Thank you.

Sincerely,

Vicky Music
Sr. Water Resource Agent
