No objections were filed to the *Director's Report* for the above-captioned water right claim. However, in the Court's review of the uncontested water rights in Basin 47, the Court inquired of IDWR concerning an apparent discrepancy between the quantity element contained in the *Director's Report* for this claim and the quantity noted under the purpose and period of use section in the *Director's Report*. IDWR responded that the quantity noted under the purpose and period of use section in the *Director's Report* was in error and needed to be corrected. On June 18, 2010, an *Amended Director's Report* was issued for the above-captioned water right claim. No objections to the *Amended Director's Report* were filed, and the time for filing objections has now expired.

THEREFORE, IT IS ORDERED that the above-captioned water right be decreed as set forth in the attached *Partial Decree Pursuant to I.R.C.P. 54(b)*.
