Subject: P4 Production, LLC - W. R. No. 27-07452

Blake, James and Aaron,

It is my understanding that P4 Production, LLC's pending Application for Transfer of W.R. No. 27-07452 is ready for approval once IDL signs off. I have been in contact with Al Ruberry, the questions over this right have been resolved and I understand Al has or will be in contact you to advise that IDL approves of the Transfer.

Apparently, there was confusion caused since the Statement of Purpose which IDWR prepared and may have published may not have been inconsistent with the Supplemental Information attached to the Application. As such, Al thought perhaps the wrong right was being transferred. That has now been resolved by clarification that 27-7452 is the correct right, with 27-7451 the right providing for domestic and industrial use at the mine shop.

With IDL's approval and there being no other issues would you kindly approve this Transfer. Thanks much for you assistance.
