Re: Transfer Evaluation

This transfer proposes to change the point of diversion for water rights 75-2150. The BLM is seeking to move their point of diversion downstream to their property and change from a gravity fed irrigation system to a pressurized irrigation system consisting of an electric pump and underground sprinkler system. The point of diversion change is to an existing diversion on BLM property.

Authority to File:

The applicant is the owner of water rights per IDWR record and property per Lemhi County taxlot data (updated March, 2009).

Water Right Validity:

Decreed in 2008. Forfeiture is not an issue.

Injury to Other Water Rights:

Not within the ESPA nor a WD. Transfer will be advertised to determine protests. No other water right points of diversion exist between the applicants old and new points of diversion. No evidence of injury

Enlargement of Use:

No issues identified

Local Public Interest:

No issues identified.

Beneficial Use / Conservation of Water Resources:

No issue identified.

Review of the application finds there is not clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
