RE: Contested Application for Permit #65-23305 –Lake Reservoir Company
Contested Application for Transfer # 74962--Lake Reservoir Company

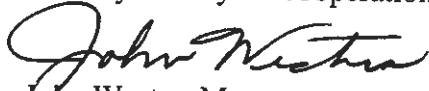

Dear Mr. Price:

Enclosed are amended applications received from the Applicant Lake Reservoir Company. Federal lands that were listed in the places of use on both applications have been removed. Places of use (1/4-1/4 tracts) that include both private and public lands (mixed) are mark with an asterisk with the statement "Place of use does not include federal public lands." If the applications are approved, this designation will also be part of the approval conditions.

We would ask that you review the amended applications, and contact the applicant or this office if there are additional edits needed. Please provide the Department your intentions regarding the contested applications by **September 15, 2010**. If a settlement can not be reached by October 1st, a prehearing conference will be scheduled.

Should you have questions, please contact me at the Western Regional Office, phone 334-2190.

Thank you for your cooperation,

John Westra, Manager
