RE: ASSIGNMENT OF PERMIT CORRECTION FOR 22-13973

To Whom It May Concern:

On February 26, 2010, the Idaho Department of Water Resources (IDWR) received an Assignment of Permit (assignment) that split permit 22-7697 into two pieces containing 160 acres and 2.5 cfs each. The newly split permit is known as 22-13973.

The assignment was from Sidney Highnote to Northwest Farm Credit Services FLCA. Because Sidney assigned the 22-13973 to *only* Northwest Farm Credit Services FLCA, he was not included as a current owner of permit 22-13973. If Sidney should remain on 22-13973 as in permit 22-7697, please amend the enclosed assignment to include Northwest Farm Credit Services FLCA and Sidney Highnote in the space designated "Current Owners" as well as "New Owners". In addition, please sign the assignment in the area designated "Signature of Permit Holder".

Please return this form to IDWR so the license process can be completed on each permit. Please note that 22-7697 and 22-13973 will be issued in both names, Northwest Farm Credit and Sidney Highnote, as current owners.

The Application for Amendment for 22-13973 should also be returned to IDWR. Since the permit is being split, and you are an owner listed on the permit, it is not necessary to secure Sidney's signature.

You can reach me at (208) 287-4944 if you have any questions.

Sincerely,

Cherie Padilla, Sr. Water Rights Agent
Water Allocation Bureau

Enclosure
