RE: Sidney T. Highnote water permits 22-7697 & 22-13973

Please see attached Assignment of Permit for 22-7697 & 22-13973. Also enclosed is Notice of Security Interest in a Water Right for Permit #22-7697. Hopefully this will clear up this situation so that a license can be issued.

Please send me a verification that the Notice of Security Interest has been received and acknowledged and then please let us know when this becomes a license.

Thank you for your help.

Sincerely,

Lori Scott
