Re: Licensing Memo

POU

The field examiner found that a total of 315 acres were irrigated. It appears that the entire QQ are irrigated with the exception of the home in the NENW of Sec 12. 320 acres-2 acres around the home = 318 acres total.

POD

The permit and field examiner find the POD to be within the NWNW of Sec 12. However the well drillers report and 2009 NAIP imagery clearly show the POD to be within the NENE of Sec 11.
