RE: App For Transfer 75670 (Former Ted Andrus Property)

Dear Bob;

I wrote to you concerning this application last June, but you never responded. I used 3921 N 3300 E as your address; is this correct, or is the Woodridge Drive address correct?

What I was requesting was additional information on the history of water use on this farm BEFORE the pivot was installed. How was the well used in relation to canal shares before 1994? Were the two sources co-mingled at the well and then just pumped over everything, or did some land just get water from one source or the other? Does Mr. Andrus now get all of the appurtenant shares that you did not receive with your purchase, or have some share been moved to other land? Boise is requiring this information before I can complete my analysis, so please get back to me as soon as you can.

Regards,

James E. Stanton
Sr. Water Resource Agent
