RE: Contested Application for Permit #63-33321—Elk Creek Corp.

Dear Applicant:

As you are aware, our office has begun processing the above described application. The application was advertised for public notice on May 19 & 26, 2010. The notice drew a protest from Idaho City, see attached protest.

The protest alleges your proposed ground water use (application) is in violation of the City Code 9-1-35 regarding private wells. In order for your application to be further processed and designated complete, the protest will need to be withdrawn/settled with the city. The withdrawal needs to be submitted to this office by **September 1, 2010**. If more time is needed, you will need to submit a written request for a time extension prior to the deadline. An untimely/no response will result in the application ordered rejected/void. A protest withdrawal form is enclosed for your convenience.

Should you have questions, please contact me at the Western Regional Office, phone 334-2190.

Sincerely,

John Westra, Manager

Enclosure: withdrawal form, protest
