Remarks:Comments:

- JJOHNSON 4/7/1999 Water right ownership updates.
Comment: Two additional ownerships were added to the water right record to reflect the current three party ownership of this right. The water distribution system originally supplied water to all of the developments using two wells. Currently both wells are being used, however, one well is used solely by one owner and the other well supplies the rest of the users. Because this right is similar to a right used for a subdivision consisting of multiple ownerships. This right was not split into three parts.
- tfawcett 12/1/2009 Ownership correction
Comment: This water right is appurtenant to three lots (tracts 1, 2 and 3) in Stanley. Alison and Daniel Hammerbeck bought tract 1 from Thompsons and filed an owner change. When the owner change was data entered the owners of tracts 2 and 3 (Wetzel and Meadow Creek Properties) were removed as current owners. These two owners were changed back to current owner status so that all tract owners are now shown as current owners.
