

MEMORANDUM

Date: June 30, 2010
To: Transfer 76621
From: dcarlson
Re: transfer evaluation

This transfer proposes to change the place of use to reflect the place of use currently irrigated, changing about 20 acres. Also a reduction of 22.5 acres of the total irrigated place of use. The ditches to the place of use are about a mile in length and have a high amount of ditch loss. CFS remains the same.

Authority to File:

Applicant was the owner as far as SRBA decree and owns the new place of use.

Water Right Validity:

This water right was decreed in the SRBA in 2004. Applicant uses water when available and received notice to file this transfer to correct the place of use.

Forfeiture is not an issue.

Injury to Other Water Rights:

Changing the place of use to what is currently irrigated. No real hydrologic effect.

In the new water District 29D.

Transfer will be processed as a no advertise transfer.

Enlargement of Use:

There is no evidence of enlargement of use.

Local Public Interest:

No issues identified.

Beneficial Use / Conservation of Water Resources:

No issue identified.

Review of the application finds there is not clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
