RE: Notice of Security Interest for Water Right Nos.: 43-7297, 43-11198, 43-13107, 43-7070, 43-7085, 43-12993, & 43-295

Dear Party Holding Security Interest:

The Department of Water Resources acknowledges receipt of correspondence adding security interest of the above referenced water rights to you. The department was not able to add a security interest for water right nos. 43-13107 or 43-295 as the water rights were not listed on the mortgage and the property description does not match the place of use. If you have another deed which either lists the water right or the property description matches the place of use, please submit a copy and we will update the record.

The department has modified the records for water right nos. 43-7297 43-11198, 43-7070, 43-7085, and 43-12933 to reflect the change in security interest and has enclosed computer-generated reports for your records. Please note that the security interest was added for these water rights because the mortgage specifically listed the water rights.

Because the Department cannot process the notice of security interest for water right nos. 43-13107 and 43-295 without proper documentation, we will hold any action pending receipt of the necessary information. Please contact me within 30 days to let me know if you would like to withdraw the request to add the security interest for these water rights or if you will be submitting additional information.

Please feel free to contact this office if you have any questions regarding this matter.

Sincerely,

Emalee Rushing
Office Services Supervisor
