Subject: Application Amendments / Protest Settlement Agreement

I received a phone call today from Mr. Mayhew, (applicant - KCM Enterprises), regarding amending the protested application. He indicated that he and the protestant, Brad Little, had finally had a chance to meet and discuss the issues at hand, and had come to some agreements. Mr. Mayhew said that he would like to come in and amend the application, as result to their meeting.

He would like to come in this week , because he is supposed to leave again the week of July 5th and go back over-seas. He is over-seas a majority of the time with his job, and that is why it has been difficult for he and Mr. Little to meet, etc. He would like to meet with John Westra, however John is out until July 6th. Mr. Mayhew would like to come in on Friday the 2nd . Since John is gone, he would like to meet with someone that is also familiar with the file. I suggested it might be best for him to meet with Steve, as he know the situation. It's tentatively scheduled for Mr. Mayhew to meet with Steve on July 2nd at 10:00 a.m. If Steve is not available, the Office Day staff can help Mr. Mayhew with the necessary amendments. Then the file can be forwarded to John for review when he is back in the office.
