RE: Water Right No. 37-8409

Dear Mr. Galgano:

The Department acknowledges receipt of the Resumption of Beneficial Use form and letter submitted in connection with the above referenced water right. The Department recognizes your submittal as an assertion of the status of your rights and does not constitute written resumption of use at this time. Please note that resumption of beneficial use of water was required for your rights on or before July 1, 2010. Failure to resume use of the water is cause for the water to revert back to the state and again be subject to appropriation.

The Department understands that you have also submitted an application to lease the right to the Water Supply Bank. If accepted, the right would be protected from forfeiture while in the bank. You may have other defenses to forfeiture pursuant to Idaho law.

Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at www.idwr.idaho.gov.

Sincerely,

Emalee Rushing
Office Services Supervisor
